

PromCon Online 2021

May 3, 2021 | VIRTUAL

OVERVIEW

PromCon Online Europe 2021 was held virtually on Monday, May 3, 2021 on the Hopin platform. Speakers answered live questions and interacted with attendees via the Event Platform and in Slack. PromCon was comprised of 20 sessions focusing on the Prometheus monitoring system. The event aimed to connect Prometheus users and developers from around the world to exchange knowledge, best practices, and experience gained around using Prometheus. The event was concluded with an interactive BoF that allowed attendees to openly discuss and share their experience managing both Prometheus and other metric data.

Julius Volz @juliusvolz · May 3
Lots of projects and vendors are starting to offer @PrometheusIO support, with different levels of compatibility. This new conformance program we are announcing today (which includes my PromQL compliance tests) aims to create transparency and compatibility certifications :) twitter.com/CloudNativeFdn...

Great presentation ...
#PromCon2021

Bartomiej Plotka @bwplotka · May 3
Our @PromConIO talk with @urlichsanais is starting in 1m! sched.co/ibIX It will be also available after conferences on YT!
BTW this how my professional recording setup looked like (proud of myself). @urlichsanais approved this.

herson pagcaliwagan @hersonxyz · May 3
great demo by @AnaisUlrich and @bwplotka!
"Automating Kubernetes Rollouts with Argo and Prometheus for HA"
