GitOpsCon EUROPE

OVERVIEW

GitOpsCon Europe was a virtual event with a primary focus on fostering collaboration, discussion, and knowledge sharing in the realm of GitOps. The event targeted audiences who were either new to GitOps or already implementing it within their organizations. Attendees had the opportunity to connect with like-minded individuals who shared a passion for GitOps. Participants gained valuable insights from experienced practitioners who shared their knowledge about potential pitfalls to avoid, challenges to overcome, and effective strategies for adopting GitOps in cloud-native environments.
