GROWING CLOUD NATIVE TOGETHER

FOREWORD

KCD Chennai 3rd Edition

Thanks to the collective efforts of everyone involved, KCD Chennai delivered yet another successful event this year. The event has grown to a multi-track event, allowing more speakers to showcase knowledge and innovation.

KCD Chennai continues to attract spirited and enthusiastic participation from Speakers, Sponsors, Attendees and Volunteers.

SPEAKERS & SESSIONS

Speakers from all over India delved into cloud native technologies, trends and best practices: AI/ML, DevOps, Platform Engineering, Security, Observability and Application Development

WORKSHOP

KCD CHENNAI ON LINKEDIN

Last weekend, I went to my first-ever tech conference — Kubernetes Community Days Chennai 2025 — and honestly, it’s something I’ll remember for a long time.

The whole vibe was different. Everyone around was curious, kind, and genuinely there to learn. It didn’t feel competitive or performative — just people sharing, listening, and trying to get better together.

Srinivas Karthik D

KCD CHENNAI ON LINKEDIN

Still soaking it all in — what an experience! Grateful, energized, and honestly still smiling after KCD Chennai. 😍

Even more special was getting to connect with such a passionate and welcoming community — and doing it live at IIT Madras, one of the most iconic venues for tech in India. 💻

SNIGDHA KANCHANA

From being an attendee at KCDChennai 2023 to Speaker at KCDChennai 2025, Kubernetes Community Days Chennai has always been an opportunity to learn, network and connect with the community and like-minded people.
