KCD LIMA 2025

# TRANSPARENCY REPORT

# FOREWORD

## KCD LIMA PERU

On July 19, 2025, we held the second edition of Kubernetes Community Days Lima, bringing together 520 attendees from 1,377 registrants.

The event featured 59 speakers, 40 sessions, and 7 simultaneous tracks, including spaces for workshops, lightning talks, and full presentations. With a strong focus on high-quality technical content and real-world case studies from local companies, KCD Peru 2025 highlighted the growing maturity of the cloud native community in the region.

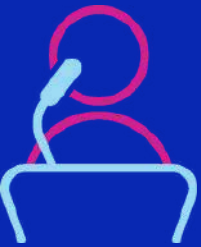

Panels on community building, local companies journeys, and the Kubestronaut experience fostered open dialogue and inspired deeper engagement.

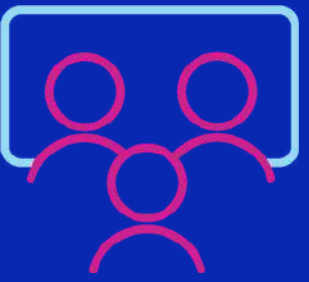

# SPEAKERS & SESSIONS

Speakers from Peru and neighboring countries delved into topics of AI/ML, Platform Engineering, Observability, CI/CD, Security, SDLC and the widespread adoption of Kubernetes, attracting 520 enthusiastic attendees.

## KEY STATISTICS

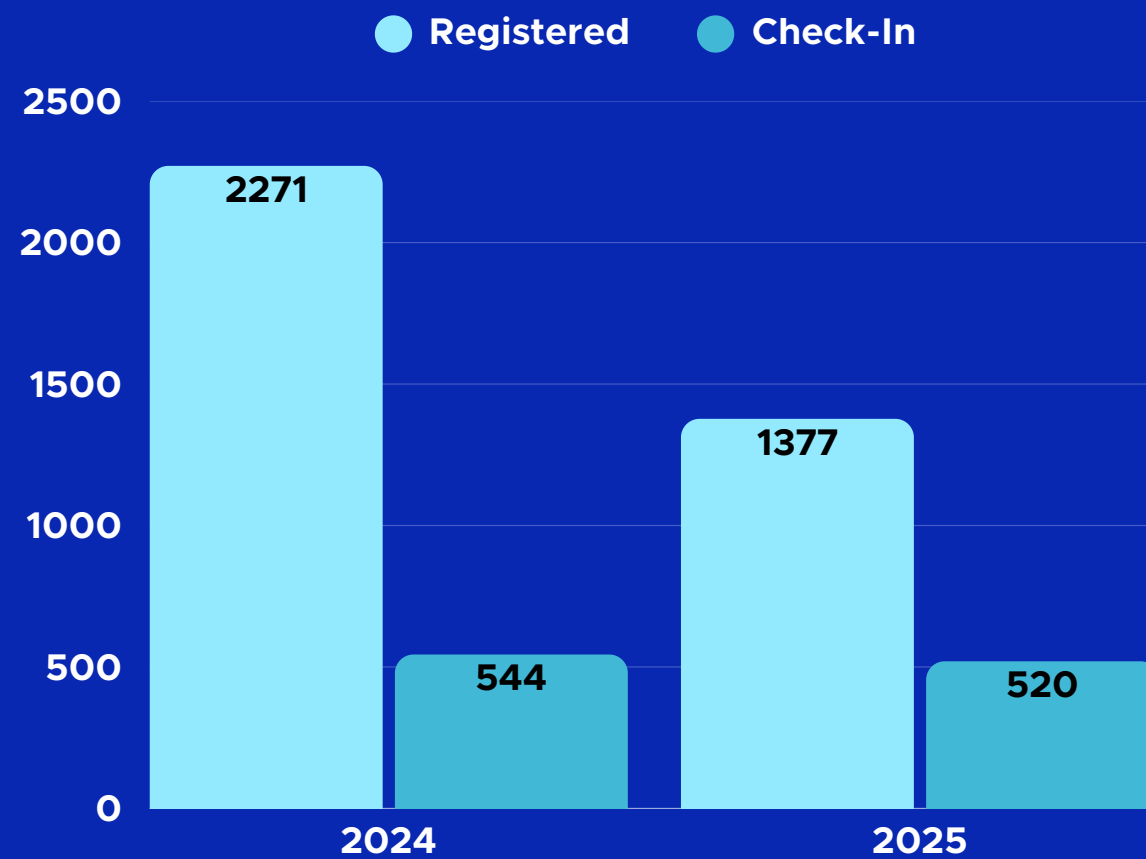

The second KCD Lima built on the success of the first edition, deepening the engagement of Peru's cloud native community.

With broader participation and stronger end-user presence, the event showcased the growing maturity of the local ecosystem around Kubernetes and open-source technologies.

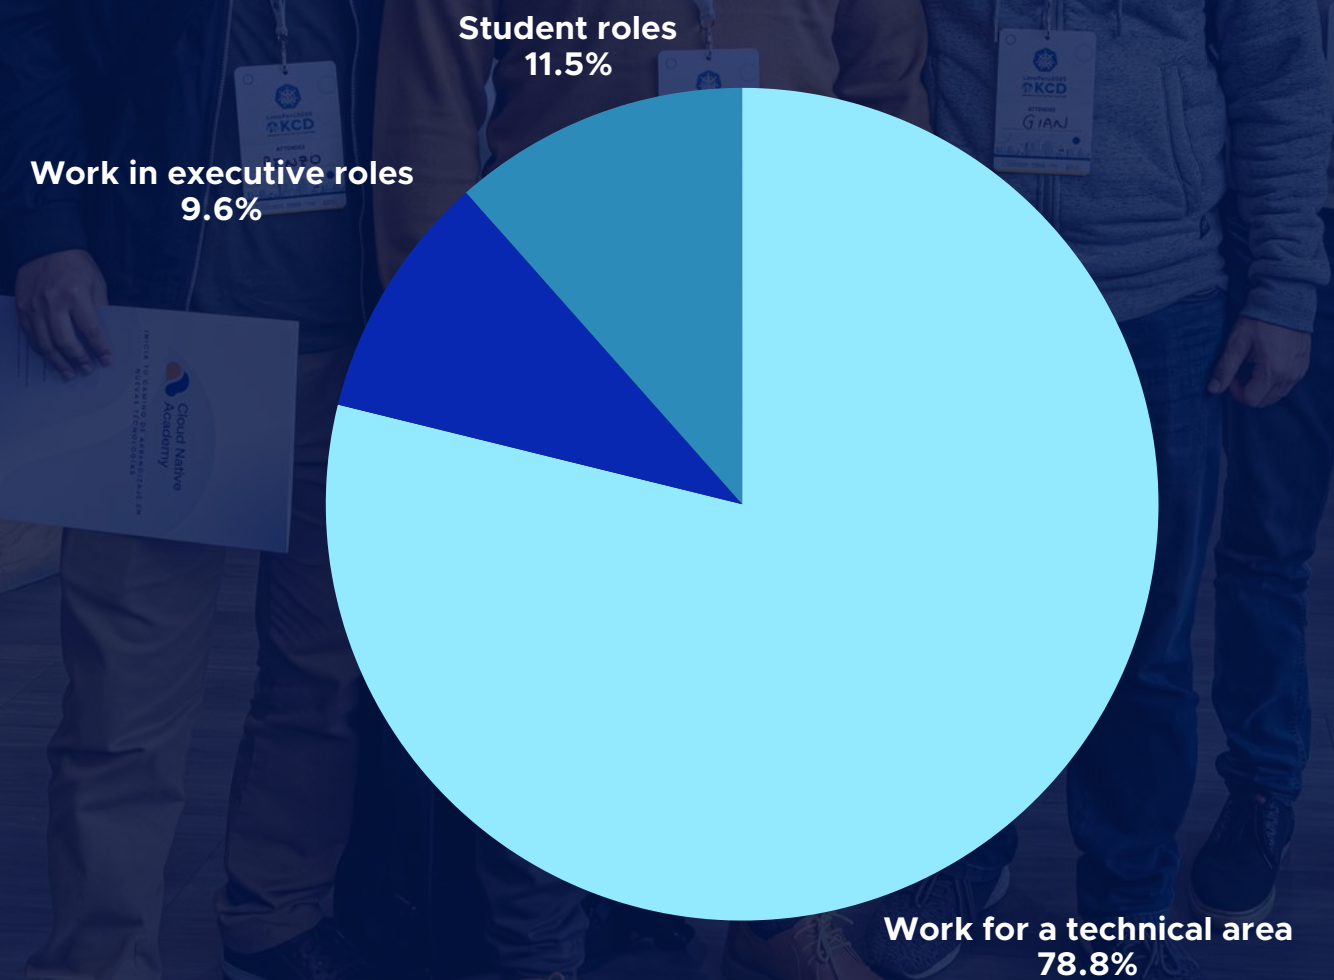

### ATTENDANCE REPORT

**+38%**

CHECK-IN RATE

78% of our 520 attendees work for a company in technical areas, such as Architecture, Engineering, DevOps and IT Operations.

## ORGANIZATIONS

We were thrilled to see the diverse representation of organization types at our event, ranging from end-users to consulting firms and vendors.

The wide range of attendees reflects the growing interest and adoption of cloud-native digital infrastructures and Kubernetes across different sectors of the industry.

## TALKS RATING

## WHAT ATTENDEES SAID

“ All topics discussed were great, time is running out ..”

“ In the future there will be 2 days KCD..”

“ The event venue is already getting too small; for future editions, the venue will be expanded.”
