# KCD HANGZHOU OPENINFRA DAYS CHINA 2025

KCD HANGZHOU & OPENINFRA DAYS CHINA 2025  
11.15 中国·杭州

# TRANSPARENCY REPORT

## FOREWORD

# KCD Hangzhou & OpenInfra Days China 2025 was successfully held

KCD Hangzhou & OpenInfra Days China 2025, jointly supported by the CNCF Foundation and the OpenInfra Foundation, was successfully held in Hangzhou on November 15, 2025.

Marking the first cross-community collaboration in China between Kubernetes Community Day and OpenInfra Days, this groundbreaking event brought together resources from both ecosystems, offering participants a learning experience where the combined value exceeded the sum of its parts.

As a landmark gathering for deep collaboration between two core infrastructure technologies in cloud computing, the event highlighted the open spirit of the open-source community and the power of cross-community cooperation, collectively driving advancements in AI and cloud computing.

In its second edition held in Hangzhou, this technical celebration of cloud-native and AI integration was energized by nearly 300 passionate technology enthusiasts in attendance, out of 500 registered participants

## SPEAKERS & Talks

The conference featured over 40 sessions, carefully curated from nearly 100 submissions for their exceptional practical value and insightful content. These presentations were organized into four dedicated tracks: AI/ML Innovation, Cloud Native Practices, Computing Infrastructure, and Security & Trusted Computing, ensuring precise alignment with diverse technical interests and attendee needs.

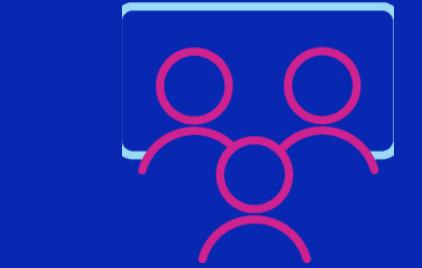

Furthermore, the keynote sessions brought together core contributors from the OpenInfra Foundation, the Kubernetes community, and leading AI & Cloud Native technology teams to share their expertise and vision.

## KCD 杭州站 x OpenInfra Days China 首次联手！议程全公开，超强 Speaker 阵容抢先看

KCD杭州 CNCF 2025年10月24日 11:14 中国香港

当三秋桂子遇见分布式计算，当十里荷花碰撞微服务架构，这座被马可波罗誉为“世界最美丽华贵之天城”的数字经济之城，即将迎来一场重量级技术盛宴——KCD 杭州站与 OpenInfra Days China 的首次携手。

KCD (Kubernetes Community Days, Kubernetes 社区日) 由本土社区组织，得到云原生计算基金会 (CNCF) 的支持；OID (OpenInfra Days, 开放基础设施开发者日) 由本地用户组主办，获 OpenInfra 基金会支持。两者均包含主题演讲、分组会议，汇聚了开源生态的用户和开发者，旨在促进教育、协作和交流。

今年这场由两大社区联合发起的开创性融合盛会，标志着云计算领域两大核心基础设施技术的深度协作与创新。它不仅充分展现开源社区的开放精神和跨社区协作的强大力量，更将共同推动 AI 与云计算技术的进步与发展。

11 月，让我们相聚这座“淡妆浓抹总相宜”的城市，与全球云原生、人工智能及基础设施技术精英共赴盛会，在思想碰撞中书写技术创新的新篇章。

## 京东云张晨 受邀参加KCD 杭州站 x OpenInfra Days China，分享 AI 时代的大型集群数据处理之道

## KCD 杭州最热主题回顾：小红书可观测性能优化

云原生探索号 2025年12月5日 07:11 上海

在 KCD 杭州 + OpenInfra Days China 2025 大会上，最受关注的演讲之一是小红书的大规模指标监控优化。本文介绍了他们如何实现 10 倍查询速度 提升并节约数万核 CPU。我们还将这与 KubeCon NA 2025 上 OpenAI 的类似可观测性优化案例 进行关联。

## COMMUNITY

## TOPIC STATISTICS

We have 41 sessions, including 6 lightning sessions(10 min) and 4 keynotes.

We received a total of 75 session submissions across the four tracks during the CFP, of which 33 were ultimately accepted.

The 4 keynote sessions featured speakers from the OpenInfra Foundation, the Kubernetes community, as well as core members of leading AI and Cloud Native technology teams.

### Composition of accepted sessions

## ATTENDANCE STATISTICS

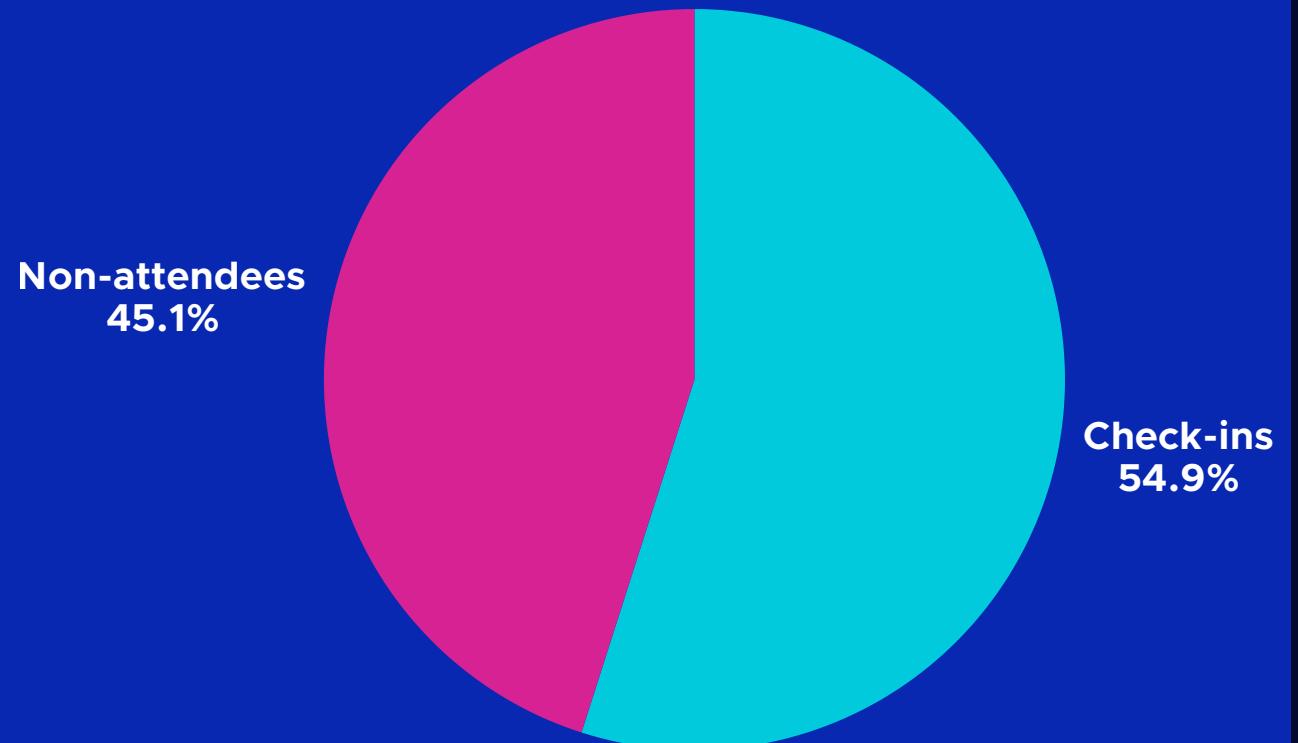

The event achieved an on-site attendance rate of over 50%, with highly active participation throughout. Every session featured lively Q&A segments, demonstrating strong engagement from the audience.

We set up 13 booths in the Open Source Bazaar, which attracted a large number of visitors and provided a more open and diverse format for networking at the offline KCD. During the breaks, the delicious desserts and refreshments kept attendees energized and refreshed.

### Registration & Attendance
