

KCD LIMA 2026

TRANSPARENCY REPORT

FOREWORD

KCD Lima Perú

On July 18, 2026 we held the third edition of Kubernetes Community Days Lima, bringing together 900+ attendees from 2,200+ registrants at the UTEC Barranco campus.

The event featured 60 speakers, 54 sessions and 5 simultaneous spaces: Auditorio Principal, Aula Magna, UTEC Ventures, Garage Concept Lab, and Lab 705 dedicated to workshops. The open call for papers drew 89 proposals from 44 companies across 14 countries.

Five international keynotes: Jeffrey Sica, Viktor Farcic, Lin Sun, Mauricio Salatino and Daniel Oh joined the Peruvian community, alongside panels on LATAM cloud native communities and real-world case studies from local companies.

Three editions in, KCD Lima has become the largest cloud native gathering in Peru.
